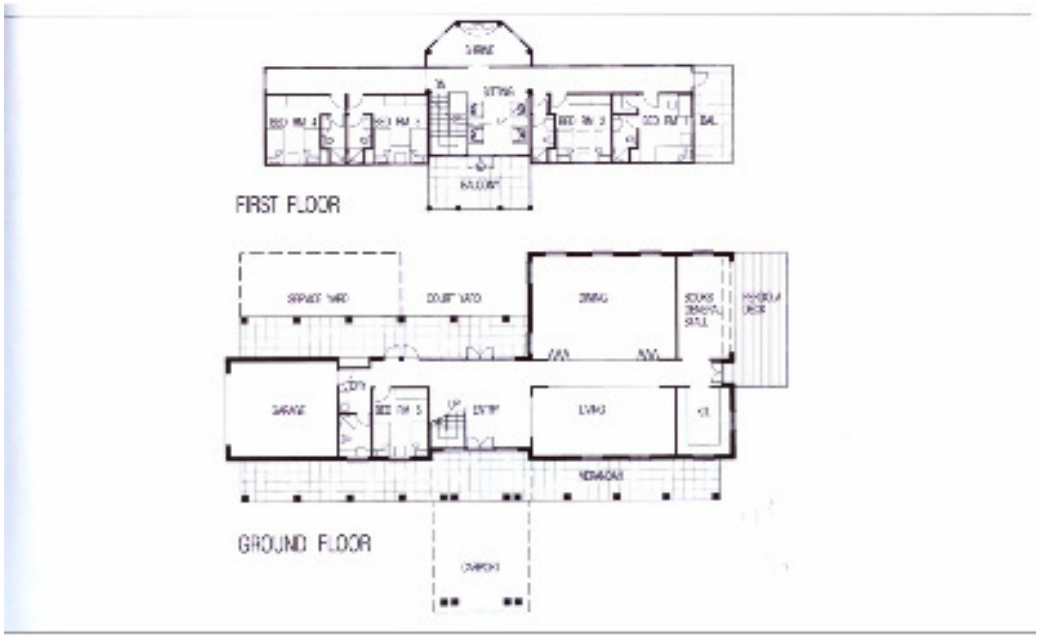
Proposed Monks Residence (Sanga Hall)

As we have always seen Daham Niketanaya as a fully completed institution for the Buddhist community and its pilgrims, our old building where our resident monks and visiting monks reside, increasingly becoming uninhabitable due to its old age. It was proposed that a plan should be drawn according to the wishes of the patron and the committee in a suitable way that fulfill the needs of the residing monks in a practical and economical manner.



FRONT ELEVATION

Due to the outstanding debts we inherited from previous loans, we are unable to carry out any further development programs without the help from our generous followers or the external assistance.

If you wish to donate money , building materials, or any other way please contact the temple on 93334848.
